

Cooperating Technical Partners – ASFPM CTP Subcommittee Monthly Call – December 15, 2025

Attendees: Alan Lulloff, Manuel Rizo, Joanna Rohlf, Brooke Seymour, and Glenn Heistand

CTP virtual conversation

The CTP virtual conversation was held on Nov. 17th at noon CST. Brooke consolidated the responses to the breakout sessions. It was suggested that a summary document be prepared. Necolle Maccherone was suggested to prepare a summary. Alan will reach out to Necolle to make that request.

The next virtual conversation will be held January 20th at noon CST. Glenn indicated that Region V has a call scheduled with region CTPS at 10 am CST on that day. He could pass on any highlights from that call. Joanna indicated that she is familiar with zoom so she could send out the invite and manage the call. Joanna indicated that she could send out an invite to the CTP contact list that we developed for the last virtual call. After the January call we would have a webinar in February. Regular monthly calls would start on the 3rd Monday of the month in March at noon CST.

It was suggested that we have a discussion about ideas for state funding. We could have that for one of the breakout discussions. Bill Brown provided information on Stormwater Utilities as a way to fund mapping in communities at the CTP conversation in New Orleans. It was also suggested that we have Meg provide an update regarding what is happening at the federal level.

Following is the agenda for the virtual conversation call held on Nov 17th.

Agenda:

10 min - Introductions – for the five of us – role and what CTP activities we do.

15 min – Meg would present on any news regarding what is happening with the FEMA mapping program. She also would highlight any correspondence ASFPM has had with Congress on ASFPM’s position. Some discussion on how Fathom and/or First Street may fit in moving forward.

5 min – Basecamp overview – Joanne would present on this topic.

15 min – Breakout rooms – we would select people that go into breakout rooms so that there would be an even distribution

15 min – summary of breakout discussions.

Questions:

What are the biggest pain points?

How are you surviving the lack of a NOFO?

Where could ASFPM best support you?

CTP webinars

Webinar for the January – March timeframe

It has been suggested that we have a webinar in which each of those that routinely attend the CTP Subcommittee calls (Joanna, Manuel, Brooke and Glenn) present. This would cover 4 regions and highlight each perspective on how they are implementing the CTP program.

It was also suggested that we have Laura Algeo present on the history of the CTP program. Her new email address is lalgeo@sna-partners.com. Brooke recently talked to her and she will reach out to Laura to ask if she could do this.

We have an announcement developed.

The time selected for the webinar is February 18th from noon to 1:30 CST with a check-in at 11:30 CST on Feb 17th.

The webinar would provide a perspective on the CTP program from several FEMA regions. The idea would be that Joanna, Manuel, Brooke and Glenn would each present on how they administer the CTP program.
